

Wall Mount Luminaire

YZ300805

Warm White/Cold White/ Day Light
 Integrated Power Supply
 Glass Optic
 10W 900Lumens

SPECIFICATIONS

Construction

- Die-cast Aluminum Housing
- Tempered Glass Lens Suitable for Outdoor Use
- Power Coat Paint Finish Provides Durable and Lasting Appearance

Optics

- Amber Yellow 2200K CCT/70CRI
- Warm White 3000K CCT/70CRI
- Day Light 4500K CCT/70CRI
- up to 900 Lumens

Electrical

- Universal Voltage Dirver 110-220 Volt
- Ambient Operating Temperature -40°C to 40°C
- Integrated Power Supply
- Options of Up and Downward Lights

Installation

- Mounts to standard junction box and can be mounted direct to wall

Warranty

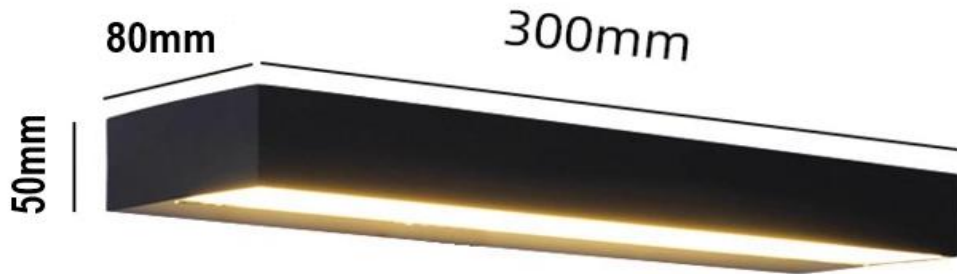

- 3 Years Warranty

Wall-mounted luminaire with LED lamps, down optic consists of an optical assembly and glass lens. The optical assembly is made of an aluminum alloy, subjected to a multi-step, pre-treatment process in which main phases are degreasing, fluorozirconation(a protective surface film) and sealing (with a glue silane layer). The following painting stage consists of a primer and a liquid acrylic paint, cured at 150°C, with a high level of weather and UV resistance. The tempered sodium-cacium cover glass has black serigraphy on the edge and is 2mm thick. The product is supplied with an aluminum optic in a set back position for the optical assembly to obtain maxium visual comfort. All external screws used are made of A2 stainless steel.

Key Data

Color Temperature Range	2200K-7000K
RGB Lights	Available
Wattage Range	5W-12W
Body Clor	Black/White/RAL Color Codes
Weight	0.9kg

Dimensions

Technical Data:

Input Voltage:	AC110-220V	Wattage:	10W
