

OrbScon 1016

OrbScon 1016 redefines modern accent lighting with its die-cast aluminum housing and durable PC diffuser. Available in two diameters—109mm and 169mm—it offers versatile beam control. Choose between a clean open-face design or a top shield variant to eliminate glare. With its signature side-emission glow, OrbScon 1016 casts a subtle halo, perfect for walls, pathways, pillars and architectural highlighting.

- 2 Sizes Available
- 50,000 hours
