

Vertex 173

Vertex173 emits a sharp, **ultra-narrow upward beam** against a wide **60° downward wash**. Crafted from die-cast aluminum, the **Vertex** features a striking **multi-faceted geometric design**. Its precise angular lines create dynamic shadows, perfect for illuminating doorways and highlighting modern architectural exteriors.

- Dimensions 173x109x63mm
- 50,000 hours
- Housing: Aluminum
- Optics: Tempered Glass
- Upward and Downward 2 Beams
